

WESTERN OREGON UNIVERSITY

June 5, 2015

To Whom It May Concern:

I have been asked by **Jessica Justice**, a graduating student at Western Oregon University, to write a letter of recommendation. I have taught Jessica in four classes at WOU: CS 271, *Computer Architecture and Organization*, Fall, 2014, A; CS 345, *Theory of Computation I*, Spring, 2014, A; CS 440, *Algorithm Analysis*, Spring, 2014, A; and currently I have her in CS 445, *Theory of Computation II*, although the class is still in progress, she seems to be getting an A.

Jessica is a very good student. She always comes to class, does her own work, does not hesitate to ask questions, and, does well on exams. I strongly recommend that you consider hiring her for your company. If you have any questions, please do not hesitate to contact me by e-mail at broegb@wou.edu or by phone at 503-838-8996.

Sincerely yours,

A handwritten signature in black ink that reads "Bob Broeg, PhD". The signature is written in a cursive, flowing style.

Bob Broeg, Ph. D.
Professor of Computer Science
